

**Online Psychology @ Pepperdine Programs  
 Tuition Planning Worksheet  
 Admitted Students for the Spring 2021 only**

Completion of the program requires a minimum number of units depending on your selected program and will take more than 1 year. This tuition sheet is meant to be an estimate for the remainder of the 2020-2021 financial aid year: Spring 2021. Therefore, the estimate of costs and financial aid provided below is for informational purposes only and does not reflect the actual length of time it will take to complete the program given that students will self-enroll and their completion will be at their own pace.

**Federal Financial Aid Loan Information**

You must file a 2020-2021 [FAFSA](#) (Free Application for Federal Student Aid) to be considered for federal aid. Please do not confuse this application with the 2021-2022 FAFSA which is also available on the [FAFSA](#) website. Most students who file a 2020-2021 [FAFSA](#) (Free Application for Federal Student Aid) are eligible to receive federal direct unsubsidized loan funding each aid year. The maximum loan amount you can borrow per aid year is provided below. This loan does not require a credit check.

**1st Aid Year: Spring 2021**

Year 1	Units	Estimated Tuition Costs	-	\$19,378 Federal Stafford Unsubsidized Loan with 1.057% Default Fee	=	Estimated Refund*
Spring	6	\$9,870	-	\$19,173	=	-\$9,303

\*Negative numbers represent a refund of the difference to the student for the designated term

When your financial aid year renews in the summer, your federal direct unsubsidized loan will be split equally between summer, fall, winter, and spring, resulting in approximately \$5,071 per term after the loan fee, and a balance each term. Please see the estimates below:

**Subsequent Aid Years**

Subsequent Years	Units	Estimated Tuition Costs	-	\$20,500 Federal Stafford Unsubsidized Loan with 1.057% Default Fee	=	Estimated Balance
Summer	6	\$9,870	-	\$5,071	=	\$4,799
Fall	6	\$9,870	-	\$5,071	=	\$4,799
Winter	6	\$9,870	-	\$5,071	=	\$4,799
Spring	6	\$9,870	-	\$5,071	=	\$4,799
<b>Total</b>	<b>24</b>	<b>\$39,480</b>	<b>-</b>	<b>\$20,284</b>	<b>=</b>	<b>\$19,196</b>

If you are unable to pay the estimated balances out-of-pocket or should you need additional loan funding to cover your costs (tuition or living expenses), the federal direct graduate plus loan and private loans are additional loan options that require credit approval. **Reminders:**

- Cost/unit is based on the 2020-2021 academic year. The cost/unit is anticipated to increase every academic year.
- If you used a portion of the federal direct unsubsidized loan in a previous institution within the same academic year, you will not receive the full federal direct unsubsidized loan at Pepperdine for the Spring 2021 term.
- Books and supplies are not included in this estimate.
- The federal loan fee will change every academic year.
- The course sequence above assumes no courses are failed, dropped or withdrawn from, and no leave of absences are taken by the student.
- Pepperdine scholarships awarded will reduce the student's estimated balance per term.
- All financial aid and transcript requirements must be met before any financial aid can be applied to the student's account.
- Subject to change without notice.
